

Newsletter on RIPORT's initiative 'Ramadan food distribution' in Tarnab and Banda Shaikh Ismail on 30th July 2011

RIPORT teams distributed food packages in 105 families of Tarnab and Banda Shaikh Ismail, Peshawar on July 30, 2011. All the families were previously affected by July 2010 floods and are still living in a poor state.

The initiative was intended to support those families who are still in a poor situation and there is no adequate source of income available.

This help will support them to certain extent during the month of Ramadan and RIPORT will keep looking for other interventions with the help of funds generated from the citizens of Isle of Man (UK) to help flood affected people of KPK.
